Art Unit: 2818

1. Claims 15-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 15, lines 1-2, the phrase "forming a vertical groove in said memory array and a vertical groove in said periphery" is unclear as to where the grooves are being formed. Is the vertical groove formed through the insulator in the memory array? Is the periphery having the insulator formed thereon and a vertical groove formed through the insulator in the periphery?

2. Claims 1 and 3-14 are allowed.
